PROTESTED by Pacific Live Stock Company, July 11th, 1917.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.6 cubic feet per second. (One and six-tenths)

Actual construction work shall begin on or before June 19th, 1918.

Proof of commencement of work shall be filed before July 19th, 1918.

Work must be prosecuted with reasonable diligence and be completed on or before July 19th, 1918.

Proof of completion of work shall be filed before August 19th, 1918.

Application of water to beneficial use shall be made on or before June 19th, 1923. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 19th, 1923.

Proof of labor filed JUL -5 1918 WITNESS MY HAND AND SEAL this 19th day

Proof of completion of work filed JUL -2 1919 of November, 1917.

Cancelled Nov. 1-1917 because of failure of applicant to comply with provisions of permit

Robert A. Allen

RSA, State Engineer

J. L. Senghauser
State Engineer.

This permit is issued subject to all prior rights on the stream system of which this source is a tributary. It is specifically understood and made a condition of this permit that applicant shall divert the waters of the source herein described only at such times as the same fails to reach High Rock Lake, and only upon permission for such diversion first had and obtained from the State Engineer. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.
